

Professional Website Hosting

So you have decided you must get the very best. Other than getting your very own DDS, this is the top of the website hosting plans.

Your site will be hosted in our North American data centre and is directly connected to Multiple Tier 1 Connections, offering full redundancy. (and we are immune to Load Shedding)

This plan is suitable for high traffic sites, demanding database loads, ecommerce sites, and thousands of hits per hour.
WARNING: ONLY TAKE THIS PLAN IF YOU WANT THE BEST

If you want the same deal in our South African data centre just give us a call, and our sales staff will have you up and running in a flash.

You get:

- 1Gb Disk Space
- Unmetered Bandwidth (No Caps)
- 2500 Email Accounts
- Unlimited MySQL databases
- Spam and Virus Protection
- Unlimited Subdomains
